Career Objective

To enhance my career, to use my skills in a pragmatic way with great enthusiasm and to keep myself updated with the latest cutting edge technologies

PROFESSIONAL EXPERIENCE – PROJECTS

Minor project:

ATM MACHINE GATE SECURITY SYSTEM which helps bankers to prevent ATM centre and lockers from theft using the sensor.

As a team leader I have contributed to overall project objectives and documentation.

Major project:

MULTI SENSOR AND AUTOMATIC BOMB DIFFUSION SYSTEM - The fusion of the multisensory plays a key role in driving a robot over a fixed lane. Whenever the robot detects the mines in the ground, the buzzer gets on and the information is seen in pc. The robot plays a key role in detecting the mines and diffusing it mechanically.

Responsibilities:

As a team leader I have contributed to overall project objectives and documentation.

WORKSHOPS AND EXPERIENCE

- Attended workshops on **EMBEDDED C**
